

To the Members of the California State Assembly:

I am returning Assembly Bill 2715 without my signature.

This bill is unnecessary and the purpose of this policy has no discernible public benefit.

This bill requires any business in California that has a contract with a customer sales call center to include a provision in the contract that requires employees of the call center to disclose their physical location upon the request of a California resident.

It is unclear what policy goal this bill seeks to address.

Sincerely,

Arnold Schwarzenegger
